## NOTES

Power UPS 40 kVA floor cabinet, online double-conversion, three-phase is the Hyperspan Power PDU named above. UK codes use BS 1363 outlets and a UK plug. IEC codes use C13 or C19 outlets. The three-phase code uses an IEC 60309 industrial plug.

Confirm the inlet, residual-current protection and distribution-board capacity with the project electrical designer before installation.

25-Year System Warranty
